The Genealogy Center has a collection of *QuickSheets* and *Genealogy at a Glance* publications which can aid in your genealogy research, writing, and documentation. *QuickSheets*, written by Elizabeth Shown Mills are guides for citing a variety of online sources. Accurate citations help others understand your work.

The *Genealogy at a Glance* series gives you lots of useful information in a concise four-page document (which is specially laminated for heavy use). Each guide provides an overview of the basic facts in a specific subject area.

These publications are kept in the Genealogy workroom and are available for use in the library. Ask at the desk to view them.
